Keep Your Furnace Safe

Have a qualified technician inspect your furnace and venting equipment before each heating season to make sure they are operating properly and safely.

Your technician should:

- Test the thermostat
- Inspect the heat exchanger, motor and vents
- Check the flue and pilot light

You should:

- Replace furnace filters regularly
- Keep heat registers, vents and the area around your furnace clear
- Never store flammable or combustible materials near your furnace
- Install and maintain a carbon monoxide alarm that meets current standards

Budget Now for Winter Bills

Our Budget Billing lets you take control of your expenses and avoid the surprise of seasonally high bills.

During the year, we will review your winter gas usage and make adjustments to your payment amount as necessary in an attempt to avoid a large ending balance.

It's not too late! Enrolling is free and easy.

Call **1-888-427-7335** or sign up online at **deltaeaccount.com** today to get more information or to join the growing number of satisfied customers utilizing Delta's Budget Payment Plan

Delta Emergency Service:

1-800-432-0771

AVAILABLE 24/7/365

Delta works around the clock to provide you with safe, reliable and affordable natural gas. If you think you smell gas, suspect a leak or experience an emergency gas outage, fire or explosion, leave the area immediately and then call our 24/7 emergency hotline.

Ask to See ID

Always ask to see ID before letting anyone into your home. Delta employees drive Delta-marked vehicles and carry a photo ID badge with their name and the Delta logo. If you have questions or concerns, call Customer Service at **1-888-427-7335**. Delta employees will never call and ask for sensitive personal information.
